Luxaflex® PowerView® Motorisation

# ENABLING APPLE® HOMEKIT QUICK START GUIDE

Works with
Apple HomeKit

BEFORE YOU BEGIN

In order to take advantage of PowerView® integration with Apple® HomeKit, you need:
• A PowerView® Hub, Gen 2, updated with the latest firmware
• A HomeKit setup code (located on the bottom of the PowerView® Hub)

• An iPhone® or iPad® with the latest version of iOS and an Apple ID signed into iCloud
• The Apple Home app downloaded and installed on your iPhone or iPad

1 | Open the PowerView® App on your iPhone or iPad, access the menu and select HomeKit & Siri.

2 | Select Enable.

3 | Select the option to manually enter the HomeKit setup code.

4 | Locate the setup code on the bottom of the PowerView® Hub and enter it as indicated. Keep the default settings shown for your Hub and all accessories. PowerView® will automatically sync your settings with HomeKit in the next step.

5 | Follow the steps in the PowerView® App to complete the integration. You will:
a. Add your PowerView® Hub and Shades to HomeKit as accessories.
b. Synchronize all Shade, Room and Scene data between the PowerView® and Apple Home apps.

TIPS

• Use of the PowerView® Remote to control PowerView® shades integrated with Apple HomeKit is not recommended. For optimal system performance, the Apple Home app, PowerView® App and Scene Controller are the recommended control options.
• Complete all Shade, Room and Scene configuration in the PowerView® App prior to enabling HomeKit.
• Make any continual edits to Shades, Rooms or Scenes in the PowerView® App. These edits will be pushed to Apple HomeKit.

• If any changes to Shade and/or Scene information are made in the Apple Home app, you will need to open the PowerView® App to confirm those changes, and resolve any conflicts.
• Once HomeKit is enabled, it is recommended that the Apple Home admin be solely responsible for making any changes to PowerView® information for best operation and experience. The Apple Home admin is the user who added the PowerView® Hub as an accessory to their Home.
